Warehouse / Printing

WAREHOUSE

We provide the highest quality paper good products in adherence to customer specifications. In addition, our large warehouse stocks many grades of paper to ensure quick turnaround time.

PRINTING

We can handle the simplest one-color project to the most demanding six-color job. In addition, we are able to print up to 40 point board. We have the ability to print your boxes on various types of paperboard. We use either virgin grades such as SBS, SUS, Poly Board, Ovenable Board, and Blister Board or recycled grades such as CCNB, CCKB, and Bending Chip.
